

WeatherExtreme Ltd.

DR. ELIZABETH J. AUSTIN

Certified Consulting Meteorologist
President

930 Tahoe Blvd., Suite 802-560
Incline Village, Nevada 89451

Phone: (775) 636-8553
Fax: (775) 636-8430

E-mail: elizabeth@weatherextreme.com
Web Site: www.weatherextreme.com

EDUCATION

Ph.D.	1994	Physics (Atmospheric Physics)	University of Nevada, Reno
M.S.	1991	Atmospheric Physics	University of Nevada, Reno
B.S.	1987	Atmospheric Science	UCLA

PROFESSIONAL EXPERIENCE

1994-Present	President , WeatherExtreme Ltd. (formerly Firnspiegel LLC), A Research and Consulting Company
2014-Present	Professor , Atmospheric Science Department, University of Nevada, Reno
2013-Present	Member , Board of Directors, The Perlan Project, a 501(c)(3) Corporation
2013-Present	Member , Advisory Board, Smartplane, Inc.
2009-2011	Affiliate Associate Research Professor , Division of Atmospheric Sciences, Desert Research Institute (joint research with WeatherExtreme Ltd.)
2009-2011	Professor , Atmospheric Sciences Department, University of Nevada, Reno
1997-2002	Associate Professor of Mathematics, Physics and Meteorology , Sierra Nevada College, Incline Village, Nevada (<u>part-time</u>)
1995-1997	Assistant Professor of Mathematics, Physics and Meteorology , Sierra Nevada College, Incline Village, Nevada (part-time)
1994-1995	Associate Scientist , Atmospheric Sciences Center, Desert Research Institute, University of Nevada, Reno
1989-1995	Adjunct Professor of Mathematics, Physics and Meteorology , Sierra Nevada College, Incline Village, Nevada
1987-1994	Graduate Research Assistant , Atmospheric Sciences Center, Desert Research Institute, Reno, University of Nevada, Reno
1986	National Weather Service Assistantship , UCLA, Los Angeles Office
1985-1986	Student Research Program , UCLA, Advisor: Dr. G.L. Siscoe
1985	Weather Forecaster , <u>Daily Bruin</u> , UCLA Newspaper (circulation 22,000)
1984-1985	Plasma Physics Research Assistant , Carmel Research Center, Inc., Santa Monica, California

FORENSIC METEOROLOGY EXPERIENCE

- * Qualified Expert, Federal Court
- * Qualified Expert, numerous States
- * Over 1,500 Meteorological Investigations for Legal Matters
- * Past Weather Reconstruction using Satellite and Radar Data

- * Sun/Moon Position Calculations for Specific Location/Terrain
- * Civil, Nautical, & Astronomical Twilight Calculations for Specific Location/Terrain
- * Ice & Snow Type/Amount
- * GIS/GPS Mapping Capabilities (2-D & 3-D)
- * Reconstruction of events (e.g., aircraft, maritime, trucking, highways)
- * In-Court Computer Capabilities
- * Expert Testimony, Reports, & Consulting

PROFESSIONAL AWARDS

- * **Fulbright Senior Specialist**, Laboratoire de Physique de l'Atmosphère, CNRS, Université de La Réunion, Réunion Island, France (May 5-25, 2003)
- * **United Nations Development Program Invited Speaker**, International Skiing Industry Cooperation Forum, Harbin City, People's Republic of China (December 2001)
- * **Certified Consulting Meteorologist** (#572), American Meteorological Society
- * **Distinguished Teaching Award**, Sierra Nevada College (1996-97)
- * **First Place**, Peter B. Wagner Memorial Scholarship, Atmospheric Sci. Center, Desert Research Institute
- * **Excellence in Teaching**, Sierra Nevada College, Elected Member

PROFESSIONAL ACTIVITIES

- * President-Elect, National Council of Industrial Meteorologists (NCIM), June 2015 – June 2017. Then President of NCIM from June 2017 – June 2019.
- * WeatherExtreme Ltd. named a *NOAA-Weather Ready Nation Ambassador*, 2014 – Present.
- * Member of advisory committee for Ms. K.C. King, Ph.D. Candidate, Atmospheric Sciences Department, University of Nevada, Reno., 2014 – Present.
- * Member of Master's thesis review committee for Ms. Shelby Carpenter, University of California, Berkeley, School of Journalism. Successfully completed May 2014.
- * Chair of the Board of Certified Consulting Meteorologists (BCCM), American Meteorological Society, January 2012 – January 2013.
- * Board of Certified Consulting Meteorologists (BCCM), American Meteorological Society, Jan. 11, 2009 – January 2013.
- * Chair & Organizer, American Meteorological Society Annual Meeting Short Course on *Forensic Meteorology*, AMS Annual Meeting, January 22, 2012.
- * Chair, American Meteorological Society Annual Meeting Session '*Urban High-Impact Weather Forecasting*', January 14, 2009.
- * Mountain Meteorology Committee Member, Feb. 1, 2003-Jan. 31, 2006 (American Meteorological Soc.)
- * National Research Council & National Academies: Board on Atmospheric Sciences & Climate, Weather Research for Surface Transportation (elected member March 2003-March 2004)
- * Continuing Education Committee Member, Jan. 11, 2004-Jan. 31, 2007 (American Meteorological Soc.)
- * American Meteorological Society, Elected Member
- * National Council of Industrial Meteorologists, Elected Member
- * Research Article Peer Reviewer for: *Journal of Applied Meteorology*
- * Regional Editor: *Weather Watch Magazine* (1996-1997)
- * Research proposal and grant Peer Reviewer for the *Australian Research Council*
- * Sigma Xi, The Scientific Research Society, Elected Full Member
- * American Geophysical Union, Member
- * National Weather Association, Member

CURRENT & PAST PROJECT DESCRIPTIONS (non proprietary listed only)

- * The Perlan Project: Gliding to 100,000 Feet in a Manned Sailplane (Chief Meteorologist)
- * Pacific Jets Landfalling Experiments (PACJET), National Oceanic & Atmospheric Administration (NOAA) & California Department of Transportation: Wind Profiler Derived Snow Level Algorithm (Contractor)
- * Meteorological Support & Modeling for the X43-A Supersonic NASA Flight Project (NASA-Contractor)
- * Implementing Real-Time Atmospheric Forecasting at NASA/Dryden Flight Research (NASA) (Contractor)
- * Modeling & Forecasting Stratospheric Mountain Waves & The Polar Vortex over New Zealand (NASA) (Contractor)
- * Research on Stratospheric Mountain Waves for Flight with a Sailplane to 100,000 feet (NASA) (Contractor)
- * Crystal Bay, Lake Tahoe, Nevada, Avalanche Hazard Assessments
- * Incline Village, Lake Tahoe, Nevada, Avalanche Hazard Assessments

- * Incline Village General Improvement District, Diamond Peak Ski Resort, Lake Tahoe, Climatology (precipitation, temperature & wet-bulb temperature) Analysis for Snowmaking Expansion (Contractor)
- * Twin Lakes Avalanche Hazard Analysis Project (Contractor)
- * Alpine Meadows Canyon/Wolf Creek Ski Resort Avalanche Hazard Evaluation (Contractor)
- * El Niño/Southern Oscillation (ENSO) v. Sierra Snowpack & Climate Research (Principal Investigator)
- * Precipitation Trajectory Estimation in Clouds Seeded for Precipitation Enhancement, Australia (PI)
- * California State Department of Water Resources: Gauge Adjusted Radar-Rainfall Data (Senior Co-Consultant)
- * Wind Study-Western Nevada: Lightning W Ranch (Principal Investigator)
- * National Science Foundation (NSF) Supercooled Liquid Water and Precipitation Development in Winter Mountain Clouds of Extratropical Cyclones (Principal Investigator)
- * Department of Energy (DOE) Atmospheric and Radiation Measurement (ARM) Project (Research Assoc.)
- * National Atmospheric and Oceanic Administration (NOAA) - Nevada Project Atmospheric Modification Program: Mesoscale Structure and Microphysical Response to Seeding of the Sierra Nevada Storms (Research Associate)
- * COMET: Cooperative Project between the Desert Research Institute and the National Weather Service, University Corporation for Atmospheric Research (UCAR) Project (Senior Investigator)
- * NSF Australian Winter Storms Experiment (Graduate Research Assistant)
- * NSF Cloud Condensation Nuclei Studies (Graduate Research Assistant)
- * NSF Storm Peak Laboratory Project: Studies of Aerosol Scavenging by Ice Particles in Clouds (Grad RA)
- * NSF Mesoscale Kinematics and Supercooled Liquid Water Development in Winter Orographic Clouds (Graduate Research Assistant)
- * Numerous consulting projects for ski resorts, private industry, state and local agencies, investigators, attorneys and insurance companies regarding weather and climate data.

COMPUTING EXPERIENCE

- * 1996 One-Week GIS Workshop, Columbia College, Columbia, California.
- * 1995 One-Week Cloud Model (MM5) Workshop, National Center for Atmospheric Research.
- * 1994 Two-Week Cloud Model (Clark Model) Workshop, National Center for Atmospheric Research.
- * 1993 Two-Week Cloud Model (Clark Model) Workshop, National Center for Atmospheric Research.
- * User of Clark Model, a three-dimensional, non-hydrostatic, terrain-following numerical cloud model.
- * User of Regional Atmospheric Modeling System (RAMS), a three-dimensional, cloud model.
- * User of Mesoscale Model 5 (MM5), a three-dimensional, non-hydrostatic, numerical cloud model.
- * User of Weather Research & Forecasting System (WRF) mesoscale atmospheric model

PRESENTATIONS (formerly E. Carter)

- Carter, E. and G.L. Siscoe, 1986: The Fractal Dimension of Clouds. Workshop on Nonlinear Models of Climate Dynamics, Dec. 6, UCLA.
- Carter, E.J., R.D. Borys and E.E. Hindman, 1988: The Variation of the Chemical Composition of Cloud Water Across the Droplet Size Distribution. Presented at Fall Amer. Geophys. Union Ann. Meeting, San Francisco, CA.
- Carter, E.J., R.D. Borys and E.E. Hindman, 1989: Cloud Sieves: Passive, Size Selective Cloud Droplet Collectors. Presented at Amer. Assoc. for Aerosol Research Ann. Meeting, 9-13 Oct., Reno, NV.
- Borys, R.D., B.B. Demoz and E.J. Carter, 1989: Field Study of the Distribution of Elemental Carbon in Cloud Droplets of Different Sizes. Presented at Amer. Assoc. for Aerosol Research Ann. Meeting, 9-13 Oct., Reno, NV.
- Mitchell, D.L., R.D. Borys and E.J. Carter, 1989: The Phase Partitioning of Chemical Species within Mixed Phase Clouds. Presented at Amer. Assoc. for Aerosol Research Ann. Meeting, 9-13 Oct., Reno, NV.
- Carter, E.J., R.D. Borys and E.E. Hindman, 1991: Unraveling the Relationship Between Atmospheric Aerosols and Cloud Droplets and their Effects on Climate. Presented at XX General Assembly International Union of Geodesy and Geophysics, 13-20 Aug., Vienna, Austria.
- Mitchell, D.M. and E.J. Carter, 1993: Dependence of Cloud Liquid Water Content and Precipitation Rates on a CCN Cloud Feedback Effect. Internat. Assoc. of Meteor. and Atmospheric Physics - Internat. Assoc. of Hydrological Sciences Joint Internat. Meeting, 11-23 July, Yokohama, Japan.
- Long, A.B. and E.J. Carter, 1994a: Seedability of Winter Mountain Clouds in Southeast Australia. Proceeding of the 6th WMO Scientific Conference on Weather Modification, Italy, June.
- Carter, E.J. and A.B. Long, 1995: Australian Winter Storms Experiment II. Water Budget, Precipitation Efficiency and Modeling. Conference on Cloud Physics Preprint Volume, American Meteorological Society, 292-297.
- Carter, E.J. and R.L. Reinhardt, 1995: Hydrometeorological Data Base: On-Line Near-Real Time Access. Specific Application to ALERT Data. *Invited Paper*. National Hydrologic Warning Council, First National Conference, Baltimore, June 7-9.
- Mitchell, D.M., D. Koracin, E.J. Carter and Q. Jiang, 1995: A New Treatment of Cirrus Cloud Radiative Properties: Validation via Field and Laboratory Experiments. Dept. of Energy ARM Science Team Meeting, March 19-23, San Diego, CA, p. 54.

- Carter, E.J., 1998: Weather for Snowmaking. 1.5 Hour Invited Lecture. Maintenance and Operations Conference, California Ski Industry Association, May 12-14, Diamond Peak Ski Resort, Incline Village, Nevada.
- Carter, E.J., and C. Levitan 1998: The Adventures of Gender-Based Calculus Instruction. 1.5 Hour Lecture. National Council of Teachers of Mathematics Annual Conference, November, Reno, Nevada.
- Carter, E.J., 2000: Basic Weather Forecasting. 1.5 Hour Invited Lecture. National Ski Area Association Annual Operations/Maintenance/Grooming Conference, May 31 - June 2, Hood River, Oregon.
- Carter, E.J., 2000: Advanced Weather Forecasting. 1.5 Hour Invited Lecture. National Ski Area Association Annual Operations/Maintenance/Grooming Conference, May 31 - June 2, Hood River, Oregon.
- Carter, E.J., 2000: Weatherwise Snowmaking Part 1 & 2 (Three hour invited lecture), National Ski Areas Association Fall 2000 Education Seminars. Sept. 6-8 Attatish Bear Peak, New Hampshire; Sept. 14-15 Massanutten Ski Resort, Virginia; Sept. 18-20 Lake Placid, New York; Sept. 21-22 The Canyons, Utah; Sept. 25-26 Northstar-at-Tahoe, California; Oct. 9-10 Portland, Oregon.
- Carter, E.J., 2001: The Sierra Weather & Avalanche Center (Invited Lecture), Operation Sierra Storm Conference, Jan. 10-12, South Lake Tahoe, California.
- Carter, E.J., 2001: Weatherwise Snowmaking in Colorado (Invited Lecture), Snow Conference 2001, Colorado Ski Country U.S.A., April 10-12, Grand Junction, Colorado.
- Carter, E.J., 2001: Weather for Snowmaking (Invited Lecture), California Ski Industry Association Annual Conference, April 15-16, Heavenly, California.
